Greater Noida (201016) | pinkkr1432@gmail.com | (+91)7061259161

PROFESSIONAL SUMMARY

Web Developer & Frontend Developer with hands-on experience in custom website development, responsive UI implementation, theme customization, and plugin integration. Proficient in HTML, CSS, JavaScript, PHP, WordPress, Elementor, WooCommerce, ACF, and MySQL. Experienced in building scalable, responsive, and SEO-friendly websites for real estate, eCommerce, education, recruitment, and service-based industries. Strong expertise in website performance optimization, backend integration, and delivering user-friendly, high-quality web solutions with clean, maintainable code.

WORK EXPERIENCE

Web Designer & WordPress Developer, (Rootbix Infotech Pvt. Ltd.) Aug 2025 - Present (GTR Academy)

- Developed and maintained 45+ SEO-optimized landing pages using WordPress, Elementor Pro, and ACF, improving lead generation and user engagement.
- Implemented **mobile-first, responsive, and cross-browser compatible** designs to ensure seamless performance across all devices
- Customized **WordPress themes**, integrated plugins, and implemented dynamic content using **Elementor Pro** and **Advanced Custom Fields (ACF)**.
- Managed complete **WordPress development workflows**, including page creation, plugin integration, contact forms, third-party tools, website maintenance, and content updates.
- Built responsive, user-friendly, and high-performance websites using **HTML, CSS, JavaScript, PHP, and custom code**.
- Worked with **MySQL and phpMyAdmin** to manage WordPress databases, perform data updates, backups, troubleshooting, and maintain database integrity.
- Implemented technical and on-page SEO in WordPress by adding **schema markup, optimizing keywords, meta titles, meta descriptions, internal linking, image alt tags, and SEO-friendly URLs**, improving website visibility and search engine performance.

HINDUSTAN PETROLEUM CORPORATION LIMITED (HPCL) Jul 2024 - Jun 2025

- Designed and developed a responsive **Warehouse Management System (WMS) Dashboard** using **HTML, CSS, JavaScript, Bootstrap, PHP, CodeIgniter, and MySQL**.
- Developed interactive dashboard modules, including **KPI cards, inventory tables, charts, and analytics components** for efficient data visualization.
- Built a secure **Login & Registration** system with form validation, session management, and password encryption.
- Built secure authentication, interactive dashboard components, and dynamic database-driven modules.
- Collaborated with team members to test, debug, and optimize application performance, ensuring code quality and functionality.
